KVM

2-Port KVM Switch with Built-In Cabling

Control two computers using one monitor, and a USB keyboard and mouse

This Switch provides an affordable KVM solution that saves workspace while giving you control of two USB computers from one console. Its compact design—with 8-foot, built-in cabling—saves you time on installation, space on your desktop, and money you don't have to spend on cables and peripherals. The Switch includes such features as a manual port selector and software that makes switching ports easy. The unit supports high-quality video resolution of up to 2048x1536 through built-in, Belkin coaxial VGA cabling.

Part Number	Description	UPC
F1DK102Uuk	2-Port KVM Switch with Built-In Cabling	7-22868-51352-1

Benefits

- Offers a complete compact solution with built-in cables
- Includes switching software (for Windows® OS only)
